## Composing to Image

### Focus Audience:

- ♪ Lower Primary School - Years 3 - 4. Musical story telling
- ♪ Upper Primary - Years 5 - 6. Film making and Musical Story telling
- ♪ Lower Secondary - Action Scores. Creating and Scoring for Action Films
- ♪ Upper Secondary - especially HSC Music Classes for "Music for Film, TV & Multimedia

### Aims & Outcomes:

- ♪ Inventing and Developing Musical Motifs - students at all levels can invent and develop melodic themes
- ♪ Students will learn to identify hit-points and various musical concepts and techniques to emphasize visual cues and mood.
- ♪ Students will learn to arrange and orchestrate for available sound sources - eg, if there is a school rock band, then they can use those sounds to good effect. If there is a school orchestra, then they can learn to score for string section and woodwinds etc - including the range and best tonal qualities of instruments
- ♪ Students - especially senior high school students will make a quality recording of their work and also print and publish a score and parts for performance. In some cases, students can have both a DVD and a printed score at the end of the workshop.

**Presenter:** Phil Rooke - check our website. Click on this link ["About Us"](#) to read Phil's biography and background in Composing to image. Click here: [Film & TV Music Samples](#) to listen MP3's of previous screen credits.
